EDUCATION

Multimedia Design

2025 - present

Copenhagen School of Design and Technology (EK)

IT Support Specialist

2021 - 2024

Data and Communications programme, TEC Ballerup. Final grade average: 8.6.

SELECTED PROJECTS

- **StudyMate AI**

Built a working study-assistant prototype with selectable roles, a Node/Express API route and OpenAI-powered responses.

- **LG Bio Capital Partners**

Designed and built a responsive client website that turns specialist life-science advisory content into a clear information hierarchy.

- **Blade Rhythm**

Created a playable JavaScript timing game with keyboard controls, game state, feedback and increasing difficulty.

- **AquaShield**

Developed a responsive school project with interaction design, UX writing and a multi-step form flow.

EXPERIENCE

IT Support Specialist - MT Højgaard

Sep 2024 - present

Support, onboarding, device setup, Active Directory, MFA and meeting-room technology for a large organisation. The role strengthened systematic troubleshooting and clear user communication.

IT Support Trainee - MT Højgaard

Oct 2022 - Sep 2024
